

Integrated Management System Policy

ISO 9001: 2015 & ISO 14001: 2015

We recognize that successful quality and environmental management is fundamental to our business and are committed to the continual improvement of the quality and environmental management system to enhance the relevant processes and procedures to ensure all standards are met or exceeded.

We strive to provide a healthy and safe working environment for all our employees, to prevent pollution and minimize environmental impacts from our activities and to provide technical rubber products and services which delight our customers.

The objectives of PPI are to:

- Pursue the highest possible standards of health, safety, quality, and environmental management performance.
- Comply with all relevant legislation, regulations, and other legal and industry requirements.
- Provide adequate and appropriate control of health, safety, and environmental risks arising from our activities.
- Seek to minimize the environmental impact of our operations, products, and services by preventing pollution, reducing energy consumption, and implementing initiatives to reduce waste.
- Work to ensure the quality of technical rubber products and services delivered to our customers consistently meets or exceeds their expectations.

To achieve these objectives, it is the policy of the company to establish and maintain an effective and efficient management system based upon the requirements of ISO 9001: 2015, ISO 14001: 2015
